Some delay occurring in the execution of the orders issued, Captain the Honourable Ronald Campbell, Coldstream Guards, followed by Lieutenant Lysons, Aide de Camp, and Private Fowler, ran forward in the most determined manner, and advanced over a mass of fallen boulders, and between walls of rock, which led to a cave in which the enemy lay hidden. It being impossible for two men to walk abreast the assailants were consequently obliged to keep in single file, and as Captain Campbell was leading, he arrived first at the mouth of the cave, from which the Zulus were firing, and there met his death; Lieutenant Lysons and Private Fowler, who were following close behind him, immediately dashed at the cave, from which led several subterranean passages, and firing into the chasm below, succeeded in forcing the occupants to forsake their stronghold. Lieutenant Lysons remained at the cave's mouth for some minutes after the attack, during which time Captain Campbell's body was carried down the slopes." Scottish Provident Institution.

ESTABLISHED 1837.

IN THIS SOCIETY are combined the advantages of
Mutual Assurance with **Moderate Premiums.**

THE PREMIUMS are so moderate that an Assurance of £1200 or £1250 may generally be secured from the first for the yearly payment which usually would be charged (with profits) for £1000 only—the £200 or £250 being equivalent to an immediate and certain bonus of 20 to 25 per cent.

THE WHOLE SURPLUS goes to the Policyholders, on a system at once safe and equitable—no share being given to those by whose early death there is a *loss*. LARGE ADDITIONS have thus been made to the policies of those who participate, notwithstanding the lowness of the premiums.

Sixty-five per cent. of the Policies which became claims by death during 1900 were entitled to **Bonuses** which, **notwithstanding that the premiums do not as a rule exceed the non-profit rates of other Offices,** were, on the average, equal to **an addition of considerably over 50 per cent.** to the Original Assurances.

ACCUMULATED FUNDS, exceed £12,000,000.

All the conditions of Assurance are arranged on the most equitable basis.

Officers of the Army and Navy

may cover War or Climate Risk, or both, by an uniform annual extra premium of moderate amount, payable for any period *not exceeding ten years*, but ceasing on permanent retirement from the Service. This arrangement secures relief from the necessarily heavy extra charges which would otherwise be imposed as occasions might arise; but it can be taken advantage of only when there is no near prospect of Active Service or Foreign Residence.

PROSPECTUS WITH FULL TABLES OF RATES, &c., ON APPLICATION.

The position was, owing to the nature of the country, an extremely strong one, and had barred the advance of the force for seventeen days. It was eventually forced by a small party of fifty rifles, with another of equal strength in support. The first of these parties was under the command of Lieut. Smith, and it was entirely owing to his splendid leading, and the coolness, combined with dash, he displayed while doing so, that a success was obtained. For nearly four hours, on the face of a cliff which was almost precipitous, he steadily moved his handful of men from point to point, as the difficulties of the ground and showers of stones from above gave him an opportunity, and during the whole of this time he was in such a position as to be unable to defend himself from any attack the enemy might choose to make. He was the first man to reach the summit, within a few yards of one of the enemy's guns, which was immediately rushed, Lieut. Smith pistolling the first man."
